Before a team's first game, or before the deadline for adding new players passes, all players must be listed on a team's online roster. **Penalty:** The presence of an ineligible player on a team may result in elimination and they will be placed last in rankings. Courtesy Runner. At any time, the offensive team may use a courtesy runner for the pitcher and catcher of record from the previous inning of defense. The courtesy runner must be a player not presently in the line-up. If no players not presently in the line-up are available, the courtesy runner shall be the player making the last batted out. The re-entry status of the courtesy runner, pitcher, and catcher shall not be affected by this rule. If at any time, a courtesy runner is determined ineligible, a proper replacement pursuant to these rules (if available) shall be used without penalty.

Tag Plays. A runner must slide or seek to avoid contact with the fielder and/or catcher when a tag play is evident.

Malicious Contact. Malicious contact shall supersede all obstruction penalties and is solely up to the umpire's discretion. If umpires deem there has been malicious contact, the runner shall be called out and may be ejected from the game at the discretion of the umpires.

Starting/ Relief Pitcher Substitution. A pitcher that is removed from the pitching position, regardless of being a starter or reliever, may not return to the pitching position for the remainder of the game.

Rule Violation. It is the responsibility of the offensive team and/or umpire to catch a pitcher violating the pitching substitution rule of this code. The defensive team may correct this rule infraction immediately by substituting a legal pitcher without penalty. If an illegal pitcher is permitted to pitch, any pitch or play that results is legal.

Penalty. If the violating pitcher has legal innings remaining, the violation will not result in a penalty for as long as the defensive team makes a substitution for a legal pitcher immediately. If a violating pitcher has no legal innings remaining, or a defensive team violates this rule more than once, it's deemed as a pitching limitation violation pursuant to **Article 311 (B) (5).**

Pitching Limitations. Pitching limitations have been established for the pitcher's safety. The limitations according to this code are measured by the amount of innings a pitcher pitches. For all cumulative totals of this rule, one (1) out equals one-third (1/3) of an inning, two (2) outs equals two-thirds (2/3) of an inning, and three (3) outs equals one (1) full innings. A pitcher that records no outs is not charged with any innings pitched. Take note that PAC Sports is actively gathering data to adopt a Pitch Count system to replace the current pitching limitations.

One-Day Maximum to Pitch the Next Day. Pitchers, in the divisions 7U-14U, can pitch a maximum of three (3) innings in one (1) day and still be available the next day. Pitchers exceeding three (3) innings in one day are deemed ineligible to pitch the following day.

One-Day Maximum. The maximum number of innings a player can pitch in one (1) day.

7U-12U Divisions. A pitcher may pitch a maximum of six (6) innings in one (1) day. The player would be ineligible to pitch the next day.

13U – 14U Divisions. A pitcher may pitch a maximum of seven (7) innings in one (1) day. The player would be ineligible to pitch the next day.

iii. Three-Day Maximum. The maximum number of innings a player can pitch in three (3) consecutive days.

A player may legally pitch any combination of innings to equal eight (8) innings two (2) days as long as the player doesn't pitch more than three (3) innings the first (1st) day. A game that is deemed a Suspended Game, according to **Article 308 (D) (4)** of this code, shall count as being played on two different

Illegal Substitution Violation. A defensive team that makes an illegal pitching substitution for a second (2nd) time or more is in violation pursuant to these rules.

Pitching Violation Penalty. Any violation shall result in immediate forfeiture of the game. If such violation occurs during pool play, the violation team may not advance to the championship bracket regardless of their record.

Pitching Violation Protest. It shall be the responsibility of each team to challenge pitching violations by notifying the umpire and proceeding to file a protest with the League/ Tournament Director. A protest may be filed at any point after the pitcher in violation records any out beyond his legal limit and while the pitcher in violation is in the game as the pitcher of record. If such violation is the last recorded out of the game, the protest must be filed prior to the umpires and the protesting team leaving the field of play.

Mound Visits. Coaches shall receive two (2) mound visits per inning, with the second (2nd) mound visit to the same pitcher in the same inning resulting in a pitching change.
